GenThree TVS2300 Supercharger  
 Callaway Factory-Built  
 3 Year/36,000 Mile Warranty

## Callaway Camaro SC630

Callaway's no-compromise supercharger system gives the sixth-generation Camaro breathtaking performance. GenThree TVS2300 supercharger system is a completely new, patented, in-house design, generating more horsepower and torque. The new triple-element intercooler supplies cooler, denser charge air. The low restriction, cold air intake is standard equipment.

Callaway's 3 Year/36,000 Mile Limited Warranty is recognized as the best in the business. It overlaps the factory GM warranty, and Callaway cars and trucks are not "blocked" for service by GM dealerships nationwide — a testament to their flawless drivability and bulletproof durability. An optional 5 Year/60,000 Mile Powertrain Service Contract is also available.

Callaway Camaros are built by expert craftsmen in our Connecticut and California factories. Available on new car orders, or for recent purchasers.
