

Callaway Corvette

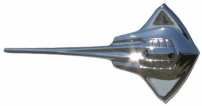

This year, Callaway Cars commemorates the 30th anniversary of the Callaway Corvette. Celebrating development and production of the original Callaway Twin Turbo Corvettes, built for Chevrolet from 1987 to 1991, the 2017 Callaway Corvette SC627 showcases Callaway's newest "powerfully engineered" technology.

Sold, serviced and financed by your local Chevrolet dealer, Callaway Corvette SC627's are ready for your purchase now. These new Callaway Stingrays and Grand Sports generate breathtaking power and sensational acceleration, as patented GenThree™ supercharging, unique TripleCooled™ intercooling and meticulous electronic powertrain management calibration work together to boost performance.

All Callaway Corvettes, Camaros, Silverados, Tahoes and Suburbans are constructed to stringent engineering specifications by expert technicians in our Connecticut and California factories.

With flawless drivability and bulletproof durability, Callaway's 3 Year/36,000 Mile Limited Warranty overlaps the factory GM warranties, providing the most comprehensive coverage of any aftermarket manufacturer.
