

# Callaway Corvette

SC 757

This year, Callaway Cars commemorates the 30th anniversary of the Callaway Corvette. With its DNA linked to the original Callaway Twin Turbo Corvettes built for Chevrolet from 1987 to 1991, the supercharged 2017 Callaway Corvette SC757 is the latest manifestation of Callaway's "powerfully engineered" approach.

Sold, serviced and financed by your local Chevrolet dealer, new Callaway Corvette SC757's are ready for your purchase now. They are Z06-based, which means they come with all of Chevrolet's Z06 performance goodies. Plus, Callaway's SC757 package includes its patented GenThree™ supercharging system and unique TripleCooled™ intercooling for significantly more power: 757 horsepower and 777 lb-ft of torque!

All Callaway cars, pickups and SUV's are constructed to stringent engineering specifications by expert craftsmen in our Connecticut and California factories.

With flawless drivability and bulletproof durability, Callaway's 3 Year/36,000 Mile Limited Warranty overlaps the factory GM warranties, providing the most comprehensive coverage of any aftermarket manufacturer.

## Callaway Corvette SC757
